are in the EYC office.

Don't Forget!

PICNIC

October 10th @ 4pm

BBQ on the Hill! It's not too late to RSVP. Give us a call at the office if you are still interested!

Update:

In order to be compliant with the State Park and Corp of Engineers contract it is necessary for us to make changes to contain the greywater. We are currently installing greywater tanks to collect all greywater. There can be **NO** discharge of greywater in to the lake. We understand that there are issues with the smell it emits while being held and suggest that "P" traps be installed under sinks and showers to prevent the odor from seeping back in to the slip.
